

NATIONAL MANUFACTURING DAY 2022

Company Name: Hone-All Precision Ltd.

Company Address: Unit 4, Cherrycourt Way, Leighton Buzzard. LU7 4UH

OUR NATIONAL MANUFACTURING DAY

Overview: Hone-All specialise in manufacturing high precision, tubular components by utilising the latest in deep hole boring, gundrilling, turning, and honing technology. With a wide range of quality approvals, we are leaders in our field. We provide industry with a complete service from sourcing materials to producing finished components up to 3m long.

How you will be involved with National Manufacturing Day:

We will be working with our local communities, schools, and colleges who are willing to engage and arrange visits for students, their families, and teachers. We will be explaining the different careers on offer, the opportunities available and the types of salary and benefits one can expect within the engineering and manufacturing sector.

We will also be happy to have virtual meetings with those who cannot attend in person to promote what we do, how and the exciting positions available within a business such as ours.

Date & Time: Thursday 07 July 2022 | 09:30 - 15:30
