

NATIONAL MANUFACTURING DAY 2022

PRIVATE EVENT

Company Name: Brompton Bicycle

Company Address: Unit 1, Greenford Park, Ockham Drive, UB6 0FD

OUR NATIONAL MANUFACTURING DAY

Overview of your company: We hand build folding bikes and make useful products that are built to last. It all started in 1975 with our inventive founder searching for an easier way to move around the city. Since then, the philosophies of our founder and the inspiring stories of Brompton owners across the globe have guided us into a company that's more than just a bike. Brompton is an independent company with a team of over 750 people. We create freedom in the city with folding bikes and useful products that are built to last. As the largest bicycle manufacturer in the UK, we're working hard to build a genuinely sustainable and accountable business.

How we will be involved with National Manufacturing Day:

TBC

Date & Time: 7 July 2022 | 10am
