

NATIONAL MANUFACTURING DAY 2022

JCM FINE JOINERY

FOR THE LOVE OF WOOD

Company Name: JCM Fine Joinery

Company Address: 20 Victoria Road, Halesowen, West Midlands, B62 8HY

OUR NATIONAL MANUFACTURING DAY

Overview: Established in the mid-1990s as a family firm, JCM Fine Joinery is now under the leadership of its second-generation owner.

We provide commercial customers with high-quality custom joinery and washroom solutions, building for offices, shops, hotels, schools, leisure venues, warehouses and factories. We also work for clients seeking beautiful timber products at quantity and provide heritage joinery services to listed projects.

We're based in Halesowen, in the Black Country, the historic heart of the Midlands manufacturing base, and work across the UK and Ireland. We typically work with commercial building contractors, retail shopfitters, bespoke furniture manufacturers, and commercial and residential property developers. We also provide customised interiors including kitchens and doors for private clients.

How we will be involved with National Manufacturing Day:

We will be celebrating the strength of UK manufacturing on July 7th and will be delighted to host anyone interested to view our facilities, our team and our manufacturing processes. We request that interested parties book a 30 minute tour slot with us.

Date & Time: 7 July 2022 | 8:00AM until 3:00PM
