

NATIONAL MANUFACTURING DAY 2022

Company Name: Acres Engineering Ltd

Company Address: Unit A, Castle Lane, Melbourne, Derbyshire, DE73 8JB

OUR NATIONAL MANUFACTURING DAY

Overview: Acres Engineering have been operating for 75 years, directly to supplying to industry leading companies. Offering full solutions from consultation, designing, manufacturing, assembly and testing. Focusing on improving lean manufacturing, health & safety and improved processes, with the implementation of Acres' innovatively engineered solutions.

How we will be involved with National Manufacturing Day:

On NMD 2022 we will be engaging with members of the public and schools to invite all to our manufacturing facility. We will provide tours of our facility and live demonstrations of some of our equipment operating. Members of staff will be available, to answer any questions that guests may have. We will provide information of the school routes and education required, to gain employment in an industry such as ours. For those who unfortunately cannot attend, we will be happy to arrange a virtual session where demonstrations can be streamed and questions can be asked.

Date & Time: Thursday 07 July 2022 | 8:30 – 16:30
