

NATIONAL MANUFACTURING DAY 2022

flow, stop and go®

Company Name: Neoperl UK

Company Address: Nimrod Works, Enigma Park, Malvern WR14 1GH

OUR NATIONAL MANUFACTURING DAY

Overview: Neoperl is a leading technology company that offers innovative solutions for drinking water. Neoperl products shape the water stream, regulate the flow rate, and protect the water from contamination. Neoperl UK specialises in the manufacture of Flow Regulators for Taps, Showers & Domestic Appliances.

How we will be involved with National Manufacturing Day:

On NMD 2022 we will open our doors to members of the public and school children. Offering tours of our factory showcasing all the investments made in machinery, facilities and personnel to be capable of ensuring the design and manufacture of Neoperl's innovations are established inhouse with minimal influence from external suppliers or skillsets. Demonstrations of our products and manufacturing capabilities will be on show where our guests will have the opportunity ask questions of our staff and apprentices. We will provide information of the school route and further education required to gain employment at a manufacturer's such as ours.

Date & Time: Thursday 07 July 2022 | 09:00- 14:00
