

NATIONAL MANUFACTURING DAY 2022

LUSH FRESH
HANDMADE
COSMETICS

Company Name: LUSH Manufacturing

Company Address: 29 High, St Poole, BH15 1AB

OUR NATIONAL MANUFACTURING DAY

Overview: Lush was founded in 1995 by six co-founders who believed you wanted good value products, not cheap, but loads of hair and body goodness for your money. Millions of Lush products are made every year: chopped, whisked, blended, pressed, shaped and perfected, by the skilled hands of our compounders, or product chefs if you like. This handmade process makes Lush products one-of-a-kind. Today sees thousands of Lush colleagues, in seven factories around the world, making our products: the finest, freshest products, innovations and inventions never before seen in the cosmetic world.

How we will be involved with National Manufacturing Day:

On NMD 2022 we plan to engage members of the public.

Date & Time: July 7th, 2022 - 8:00AM
